TEACHING AI TO MAKE THINGS

# LLTV showcase release

LLTV-R4D1-SHOWCASE-20261125-R02 · 25.11.2026

The release adds the library, links to the archived native FeedBack and artifact indexing. A three-waypoint route, lesson transitions and passport data were checked. CAD, telemetry and cost estimates retain their source files and revisions.

| Area | Revision |
| --- | --- |
| FreeCAD basis | NASA 952 · R4D.1 |
| Waypoint mode | R04 · 2–6 waypoints |
| Passport | R01 · 56 parameters |
| Native FeedBack | 24.11.2026 |

## Open measurements

Helium and peroxide refill rates, physical flight limits and the maintenance schedule remain open. The passport values were checked against the previous release.
