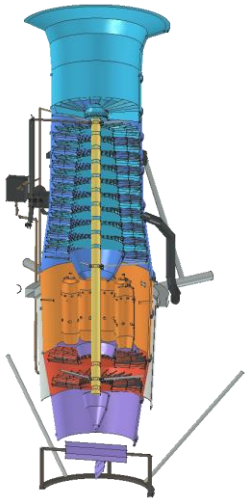
TURBOLET R5 Library and Release Report

Appendix to the TextToCAD portfolio report · 2026-11-25

The showcase links the museum assembly, the flight demo, specifications and the project history. Filter files by category, currency and revision.



Longitudinal sections. Colour identifies RD-9 components in the museum CAD model.

Museum model · R5 · Monino 2013 · P05 and wiring. The colour cutaway is bound to the model by SHA-256.

Flight and landing · Flight R1 · DEMO. Manual inputs, target setting, flight phases and first contact in the simulation.

Comparison · Roadster C6I · DEV49 specifications. Programme cost · R1 DEMO estimate.

Open data · Installed hover fuel flow, usable fuel, actual hover endurance and range · OPEN.

Added the library, chat history, parameter CSV and the colour cutaway. Historical frames, records and calculations retain their own revisions.

Colour cutaway verification · 24–25 Nov 2026 · FreeCAD 1.1.4 / TextToCADWorkbench. The record documents first opening before camera or visibility changes.

SHA-256 8dec4fb5fb4e9cbc9c56f564135508ea8b01f005a0eec5bc263108bea09b2b73
